CSMSS Chhatrapati Shahu College Of Engineering Bachelors of Technology, Artificial Intelligence & Data Science Maharashtra,Aurangabaad	August 2023 - July 2027
GPA: 6.89(Till 5th sem)	
Vasantryao Naik college Higher Secondary Certificate (Science) Maharashtra, Aurangabad	July 2021 - April 2023
- percentage 73.96 % - Engineering Entrance(MHT CET) 90 percentile	
Sonamata High School Secondary School Certificate Maharashtra, Aurangabad	June 2020 - June 2021
Percentage 90 %	

SKILLS & LANGUAGES

Skills: Python (Beginner), Machine Learning (Beginner), Deep Learning (Beginner), Docker (Beginner), Kubernetes (Beginner), linux (Beginner), Data Analysis (Beginner), VS code (Beginner), Jupyter Notebook (Beginner), GitHub (Beginner).

Soft Skills: Leadership, communication , Team Work.

Languages: English (Native).

PROJECTS

Deepfake image Detection System Artificial Intelligence - ML,DL,Docker,Kubernetes
- Deepfake Detection System (AI + DevOps Integration) - Built CNN model using PyTorch with 96% training accuracy - Containerized the application using Docker - Implemented CI/CD pipeline using GitHub Actions for automated testing and deployment - Deployed model for real-time predictions
NDVI Forecasting System AI, Deep Learning, LSTM, Google Earth Engine, Streamlit
- Developed an LSTM-based time series forecasting model to predict future NDVI values for vegetation health analysis. - Integrated Google Earth Engine to retrieve and process Sentinel-2 satellite imagery for automated NDVI computation. - Built an interactive Streamlit dashboard for NDVI visualization, trend analysis, and future vegetation predictions. - Implemented data preprocessing, feature engineering, and sequence generation for accurate time-series forecasting.
